Subject: RE: Discrete v. Intrado - Plaintiffs' Production of Attachments
Attachments: DH000965-DH004461 - Attachments Log.3.30.2023.pdf

Ms. Brison –

1. We hereby provide you with a log identifying which attachment produced on March 29 is associated with its respective email produced on March 15, 2023. We will have to agree to disagree whether this log complies with the applicable rules and the applicable orders in this case. I would note that the parties explicitly agreed at the beginning of this lawsuit that production of PDFs was acceptable and that native documents and metadata were not required. So far, you have not explained why such metadata is specifically required in this situation. Each of these emails is independently in the possession, custody, and control of Intrado, as they are emails between West employees, attorneys, or consultants on one side and Plaintiffs' employees, attorneys, or consultants on the other. Thus, every one of these emails (and its metadata) is independently available to Intrado.
2. We will have to agree to disagree regarding the significance of the Tax Side Letter. Plaintiffs have put that letter at issue in this case and there is a factual issue whether that letter is part of the SPA. That is a crucial factual issue to the determination of any motion for summary judgment that Intrado may file.
3. No one has argued that "Plaintiffs['] document requests [should be construed] to broadly seek all documents and communications related to every document in the SPA closing binder." To the contrary, Plaintiffs merely seek relevant documents regarding the negotiation of the relevant provisions of the SPA that are implicated by Intrado's indemnification request, including but not limited to, the Tax Side Letter. We do not understand why it is taking Intrado so long to address this issue, other than as an attempt to slow roll the production of documents that undercut Intrado's claims in this lawsuit. We hope that Intrado will cooperate in the provision of this discovery to avoid involving the Court in this dispute.

Thank you for your attention to these issues,

Tom
